OLYMPICS TOKYO 2020

BRAZILIAN OLYMPIC COMMITTEE PARTNER

ZIVA is proud to be the official partner of the Brazilian Olympic Committee in Brazil.

In 2015 ZIVA designed and installed ZIVA Olympic High Athletes Lab at the Maria Lenk Center in Rio de Janeiro. The center is continually updated to feature our newest series of strength and products for all Olympians to train on now and for years to come. We are honored to contribute to the training center to help Brazilian Olympians push beyond their boundaries and create the next generation of champions.

Together we are looking forward for Tokyo 2020 where ZIVA will be creating training centers in Tokyo to support the athletes and power their medal dreams.

“COB is proud to have ZIVA, which is a reference in the fitness and sports segment, as a partner in preparing Team Brazil for the Tokyo Olympics. Since 2015, our athletes have best quality equipment available for strength training and conditioning.”
